

## COOKIES

1. The Website uses Cookies, which are text files that are stored in the services of your PC or any other device, using which you access the Website and use the Services.
2. Cookies are not used for obtaining any kind of information about separate Users. They are used for authentication of the Users, storing their customized settings and preferences, recording the state and length of the user session, keeping the log and statistics, optimization of the ads on the Website, if any, as well as improvement of operation of the Website in accordance with the current standards of the WWW. Cookies can also be used if the Company collaborates with advertising services, Internet research and statistics services, and suppliers of multimedia applications.
3. By using the tools available in the settings of any of the browser available on the market, you can any moment change the settings associated with Cookies and other technologies used for storing of the data (including Local Storage technology) in the privacy settings of your browser, particularly by automatically blocking their usage in the settings of your browser or browser plug-ins or, depending on the tools and technologies used, by displaying the detailed report about your device every time upon entering the Website as the end user. Detailed information about capabilities and usage of Cookies is featured in the settings of your browser or browser plug-ins. Making changes in these settings may lead to certain difficulties in usage of the Services or certain parts of the Services.
